

INCONTINENCE & MEDICAL DIVISION

THE COMPANY

APOGEE group, a Belgian established business, has more than 20 years experience in providing service and products for healthcare patients in need. Thanks to the company's experience, the NATEEN®'s brand was introduced in 2009 to provide **incontinence product distribution** and **supply chain services** to healthcare providers, allowing them to deploy more time and resources into delivering **high quality and affordable** patient care. Given escalating healthcare costs, ARTEMIS's focus is on delivering to our customers the highest quality products and services at the lowest cost today, whilst meeting the ever-changing needs of tomorrow. Today NATEEN® provide products to millions of customers worldwide through partnership, thus creating a smart distribution network.

SOURCING

We source and negotiate in the global market everyday to ensure our customers receive consistently high quality materials at the best price possible.

CUSTOM

We offer a customized product range. This service concern either COBRANDING or full PRIVATE LABEL service.

LOGISTICS

Thanks to our high daily sales volumes we benefit from best freight prices which is a benefit shared with our customers.

PRODUCING

Our production team is trained to work to a high quality standard to ensure a consistent quality product.

INNOVATING

Our R&D department is constantly looking at the solution and new developments to ensure we are increasing our customer's competitiveness.

PROMOTION

NATEEN's quality is becoming more widely recognized in the industry thanks to heavy investment in promotional activities. The customer benefits from this reputed brand and quality, with personalized training services.

Environmental and social commitment is part of our profitability.

Compliance with high healthcare standard.

Attest the biocompatibility of our product. Tested in Germany.
